

April 2nd, 2020

Valued Customer,

During these unprecedented times, Clorox Healthcare is having to make significant changes to our production process. These changes are designed to significantly increase our total output of disinfectants used to combat COVID-19. We have done tremendous work to increase production on Clorox Healthcare Disinfectant Wipes Portfolio, and in order to do the same for our Ready To Use Liquid products, SKU consolidation will need to take place. Below you will find the items we are temporarily suspending, along with the corresponding replacement item. Please note that the replacement items for both sets of products are replaced with a like for like item, just in a different size offering. If you are already purchasing the replacement items you can continue to do so with no changes.

Temporarily Suspended Bleach Items

CASE UPC	ITEM DESCRIPTION
68832	Clorox Healthcare Bleach Germicidal Cleaner Pull-Top 6/32fo
68967	Clorox Healthcare Bleach Germicidal Spray 8/22fo

68973	Clorox Healthcare Bleach Germicidal Cleaner Refill 6/64fo

Replace with →

CASE UPC	ITEM DESCRIPTION
68978	Clorox Healthcare Bleach Germicidal Cleaner Refill 4/128fo

Temporarily Suspended Hydrogen Peroxide Item

CASE UPC	ITEM DESCRIPTION
30829	Clorox Healthcare Hydrogen Peroxide Cleaner Disinfectant 4/128fo

Replace with →

CASE UPC	ITEM DESCRIPTION
30828	Clorox Healthcare Hydrogen Peroxide Cleaner Disinfectant 9/32fo
31444	Clorox Healthcare Hydrogen Peroxide Cleaner Disinfectant Pull-Top 6/32fo

On earlier communications, we informed you that Clorox would be temporarily suspending #31444 Clorox Healthcare Hydrogen Peroxide 9/32oz Pull –Top, however we are retracting that suspension. We’ve made additional adjustments to our production efficiency plan and **will continue to offer item #31444**. Please reinstate this item if you had previously made the temporary change.

As mentioned above, creating these product efficiencies will enable us to produce much more product in the long run and help provide the surface disinfection we need during the on-going COVID-19 situation. We will ensure to inform you when normal production will resume on the temporarily suspended items.

Thank you,

Clorox Professional Products
